Safe Sidewalks LA: ADA Compliance

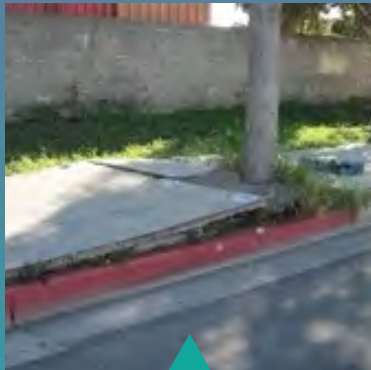

ADA – Americans with Disabilities Act of 1990, a civil rights law that prohibits discrimination based on disability.

The City of Los Angeles has made an historic commitment to invest \$1.4 billion over 30 years to fix sidewalks around the City and make them accessible to everyone.

The City's new sidewalk repair program, Safe Sidewalks LA, will make thousands of miles of sidewalks compliant with the Americans with Disabilities Act (ADA).

Accessibility requirements for the Safe Sidewalks LA Program include the following conditions:

Running slopes must be 5% or less
some exceptions exist

No tripping hazards or protruding objects; including signs, trees, landscaping, etc.

Cross slopes in the pedestrian access route must be 2% or less

BEFORE AFTER

Sidewalks must be at least five feet wide
some exceptions exist

BEFORE AFTER

Driveways must have pedestrian access

BEFORE AFTER

Installation of missing curb ramps and upgrading of existing curb ramps

BEFORE AFTER
